One story at a time.

SAFER, STRONGER COMMUNITY.

THE NEED

More than 675 domestic assaults were reported in Siouxland last year.

We are focused on helping people engage in behaviors that improve their health and safety. A safer and healthier community is a stronger one. Funded programs will empower people to take charge of their well-being, one step at a time.

Sarah was a victim of abuse and didn't know where to turn. Thanks to your support of United Way, she found safety for herself and her daughter.
